

Unlock Your Crowd*

Omnichannel Product Launch Audit

*We ensure you maximise revenue from your recent launch. We give you both short and longer term fixes and optimisation recommendations. We use a qual at quant scale, highly behavioural/ real life approach to investigate all areas of your launch through your consumers eyes to observe what is really working, what isn't and what to do about it.

1.

Product Launch Success: Traffic Light Scorecard

Fast visual identification of if all elements of your product launch are working to drive growth vs competition and what to do about it. Including how each element changes purchase intent.

2.

Codified patterns of real-life experience at shelf

Qual at quant scale behavioural analysis to identify most impactful levers to pull and issues to solve to unlock further trial on/off line shelf - findability, shelf impression, competition

3.

Competitive Substitution Evaluation

Real life reaction to new product in competitive context. Learn what products have perceived similarities and superiorities and how to counteract these for more likely trial.

4.

Codified patterns of real-life unboxing and product usage experience

Qual at quant scale behavioural analysis of real life product usage amongst users and non users to understand if usage meets expectations and how to improve

5.

Category / Brand / Product Perception Mapping

Determination of if there is a good alignment between Category Need, Brand Equity and new Product Promise.

6.

Innovation + improvement identification

Consumer co-created direction of how to evolve existing proposition and its perception in market to unlock growth
